

TROWEL-READY MORTAR

www.breedongroup.com

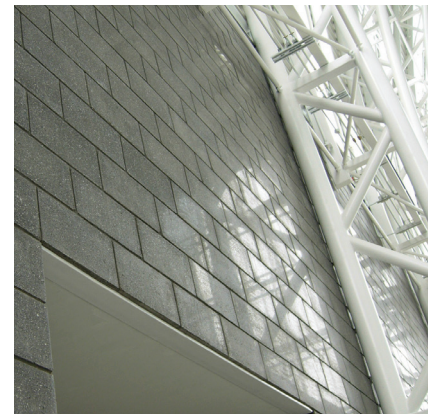

BREEDON TROWEL-READY MORTAR IS IDEAL FOR ALL TYPES OF CONSTRUCTION, FROM VERY LARGE HOUSING DEVELOPMENTS TO SMALL EXTENSIONS.

BREEDON MORTAR

Our trowel-ready mortar is BSI quality assured, manufactured to BS EN 998 and is normally retarded for 72 hours. We have a full range of coloured mortars, using pigments conforming to EN12878, which are guaranteed by the pigment manufacturer not to fade.

As part of our service we provide and supply mortar skips to all our customer sites which are loaned free for the duration of the contract. These mortar skips are designed to hold 0.33 metre, which is capable of laying approximately 500 bricks or 300 (100mm) blocks.

TROWEL READY MORTAR

TECHNICAL DATA

BREEDON TROWEL-READY MORTAR IS QUALITY ASSURED, READY MIXED, DELIVERED TO SITE AND DISCHARGED INTO PURPOSE BUILT MORTAR SKIPS WHICH ARE PROVIDED FREE OF CHARGE FOR THE DURATION OF YOUR CONTRACT.

IDEAL FOR:

- All types of construction, from very large housing developments to small extensions

Breedon trowel-ready mortar is designed to remain workable for 72 hours and eliminates the need for any mixing plant equipment and on-site mixing time.

MAJOR BENEFITS INCLUDE:

- Easy to use – how it adheres to the trowel
- Easy to spread on the masonry unit
- Easy to extrude between courses without excessive dropping or smearing so that wastage is kept to a minimum
- Easy to position masonry units without the need for excessive movement
- Remains stable once units have been positioned and begin to hydrate to allow speed of construction

This colour swatch is only to be used as part of a process to establish an agreed coloured mortar. It is strongly suggested that following sight of the actual colour slide a sample bag of the mortar is supplied to confirm the colour is as required. Breedon Mortars are made from naturally occurring products and therefore are subject to natural variances.
